

## **DRIED FLOWER COASTERS**

Mother's Day Gift Idea:

Coaster / Coffee Table Decoration

### Items needed:

Dried, flattened flowers

Glass squares, circles, or rectangles

Silver metallic tape (slide masking tape)

Hot glue gun

### Instructions:

Arrange flowers on one piece of glass. Apply a *small* amount of hot glue to the bottom side of flowers.

Place other piece of glass on top of flowers, like a sandwich. Put a dab of hot glue on two -- opposite corners on the inside of the bottom piece of glass. This will hold the two pieces of glass together. Wrap tape around the edges, with the sides hanging over to form a "frame". That's it!

\*\*You can buy slide masking tape (it is a thin metallic tape used to crop pictures on a slide) at any photo supply store or at Art and Frame stores.
